## WAS CURED OF CONSUMPTION FOUR YEARS AGO BY ANTITOXIN

A Remarkable Test Case of Interest to All Who Are Affected.

The author of the following letter is a business man whose veracity is beyond question. We publish it over his facsimile signature, knowing that those who are afflicted with consumption are skeptical and doubt the claims made for any remedy for its cure. We have written letters such as Mr. Marshall's, and will publish them from time to time, as we believe such letters will overcome your skepticism. Our former patients are our best friends and all enthusiastic advocates of the Antitoxin treatment for the cure of tuberculosis.

What was done for Mr. Marshall can be done for you.

St. Louis, December 1, 1909. Wright-Duering Antitoxin Co.

Dear Sir—It is a great pleasure to be afforded the opportunity to express my gratitude to you under the hope that it may reach some one who, like myself, was "down in the depths" when I was told that I had tuberculosis. There seemed to be no bottom to the depths, but after four months' treatment of 1906 I was pronounced a well man. It is a difficult matter to find words to express my extreme joy, and I take great pleasure in recommending your treatment to any one similarly afflicted. Yours truly,

*W. Marshall*  
Commercial Agent,  
Chicago, Milwaukee &  
St. Paul Railway Co.,  
Frisco, Building.

The above letter was written by one who knows from experience what he is talking about. One who had been advised to seek health by change of climate, one who had been told by prominent physicians he had tuberculosis, and who had given up all hopes of ever again being cured until he went under our Antitoxin treatment, with the result set forth in his letter. His is the experience of many and will be yours if you do not delay taking the Wright-Duering Antitoxin treatment too long.

We have established offices for the Wright-Duering Antitoxin company in El Paso, San Antonio and Dallas, Texas, for the purpose of demonstrating what our Antitoxin treatment for the cure of Tuberculosis will do under the most favorable climatic conditions. The wisdom of the move has already been shown. The results are more apparent, and come in less time than in less favorable climate. We have under treatment already many cases that are showing most satisfactory improvement, and will result in cures more readily than those effected in the north, where all our demonstrating was done before we opened in the southwest.

## SLAYDEN FAILS TO GET ON RULES COMMITTEE

Fitzgerald, the New York Man, Lands as Fourth Member of Democratic Choice for Positions.

Washington, D. C., March 25.—With scarcely the semblance of a struggle the Democratic members of the house nominated the four minority members of the enlarged rules committee as follows:  
Champ Clark, of Missouri, 125 votes.  
Oscar Underwood, of Alabama, 102 votes.  
Lincoln Dixon, of Indiana, 99 votes.  
John J. Fitzgerald, of New York, 88 votes.

A long list of candidates received scattering votes. Representative Slayden of Texas received 69, the highest number given an unsuccessful aspirant. The total vote of the caucus was 140 and the number necessary to elect was 71.

The expected fight on representative Fitzgerald, because of his attitude on the rules question at the beginning of the present congress, when he left the Democratic ranks, left the leadership of Champ Clark and voted with the Republicans, materialized early in the meeting, but failed to accomplish any definite result.

## YOUNG PEOPLE'S SOCIETIES TO FORM UNION

William Blair, president of the Christian Endeavor society of the First Presbyterian church, will act as chairman, the subject to be discussed being entitled, "Easter and what it means to me."

The elder members of the boys' department are going to give a party to their best girls Saturday night. It will be a big affair, with about 150 present.

## FIRE IN COAL BIN; FENCE CATCHES FIRE

Coal in the bin of the Belgian bakery, on East Overland street, caught fire at 5 o'clock Thursday evening. A still alarm was sent into the Central station and the fire was extinguished before any damage could be done.

An alarm at 6:15 this morning called the Meca company to 1015 Boulevard, where a fence had caught fire in the rear of a vacant house. No damage was done.

## ACQUITTED OF BURGLARY

Carlos Hernandez, charged with burglarizing the store of A. Pozil on South El Paso street on Jan. 27, was acquitted by a jury in the 24th district court Thursday. It was alleged that Hernandez had cut through the back of Pozil's store, from a room which he occupied in the Pacific hotel above.

## ORGANIZATION WILL HELP YOU WIN

Contestants Who Are Most Successful in Organizing Their Friends Will Poll the Largest Vote.

The contest has just started and there is plenty of room in all the divisions for more candidates. The winning candidate may not yet have been nominated. If you have been thinking about a try for the valuable prizes offered by The Herald, send in your name or if you have a friend whom you wish to assist to win, place them in nomination. This is certainly a great opportunity to secure a beautiful Overland automobile, an Apollo player piano, a vacation trip of unusual attractiveness or any one of a number of other valuable prizes. Now is the time to begin work for a successful campaign.

## Organize at Once.

After the nomination blank has been carefully filled out according to instructions and mailed as called for, begin among the people you know best to interest them in your candidacy. Persistent effort for a few days will bring results and in the meantime you will have interested a sufficient number of persons in your candidacy that cooperation will come spontaneously. Talk Herald Popular Voting contest everywhere you go. You need not be afraid of becoming a tiresome bore on the subject, for the contest is of great value to the Herald is already interested and those persons who are not readers of the most popular newspaper in the southwest will welcome information.

## Write Your Friends.

Candidates can secure many votes by writing letters to their friends in other towns. If they do not happen to be Herald readers they will probably not know that you are a candidate and will help the first contestant that makes an application for their subscription. It will be well worth your while to write everyone you are acquainted with in the entire four districts and get your friends to use their influence with their friends in your behalf. A little correspondence will make you thousands of votes and is certainly worth the time given to it.

## Report Every Day.

Send in your reports to the Contest Editor every day as there are often suggestions which he can make to you which will give you a great value in increasing your votes. Try to keep your vote well up with the leaders so that your friends will know that you are making the proper effort in your own behalf. An earnest worker will soon gain friends who will be of invaluable assistance before the close of the contest.

## Advertise Your Town.

Every town and community which has a candidate in the contest will be prominently before the reading public in a way which will call attention to the activity and the degree of wide-awakeness as evidenced by the effort put forth to win a prize.

## Each Contestant Can Win.

While it is not possible for every contestant to win one of the grand prizes, The Herald is offering a special prize which can be won by each and every working contestant in all the districts. To encourage early effort on the part of all candidates in the Popular Voting Contest The Herald will keep track of the new yearly subscriptions sent in by each contestant and as soon as six have been received will present to the fortunate contestant either an eight volume set of Masterpieces of the World's Literature, or a ten volume set of the works of Rudyard Kipling. Just think of it—you only have to get six people to take The Herald for one year and you get absolutely free your choice of a 10 volume set of Kipling or an eight volume set of Masterpieces. Or, we will send both sets to any contestant for the first 10 new yearly subscriptions sent in.

Note—Special prize offers do not affect in any way the awarding of the regular prizes. No one is barred from winning a regular prize on account of having received a special prize.

## LIGHT BATTERY IS INSPECTED AT ROSWELL

Roswell Man Says Judge Pope Delivered Strong Instructions to Clovis Grand Jury.

Roswell, N. M., March 25.—With 80 men, four 3-inch Nordenfled guns and a machine gun, Light Battery A made its first appearance on Main street and was viewed by hundreds of citizens, notwithstanding the first windy day of the season made it a little unpleasant. The drill in the Milne-Bush pasture was satisfactory to the officer in command, Capt. M. S. Murray, U. S. A., retired, who stated that the results were fully as good as the most exacting person could have expected or required.

R. L. Graves, who has returned from attending court at Clovis, says Judge Wm. H. Pope's instruction to the Curry county grand jury referred especially to the Edmunds law, whiskey and gambling violations, and was the strongest charge he ever heard.

## "DAMN" IS NOT A "SWEAR WORD" SAYS JURY.

New Jersey Jury Exonerates a Defendant Who Uses It Speaking of a Woman.

New York, March 25.—According to the verdict brought in by six men sitting as a jury before Justice of the peace James H. Beethie, of Morristown, N. J., "damn" is not an oath or a "swear word," such as is prohibited by the vice and immorality act of New Jersey. Surrogate David Young, who was on trial for saying Mrs. Nellie Fitzherbert of Dover "talked like a damn fool," acknowledged that he used the expression, but his counsel insisted that such an expression was not swearing. The jury agreed with him and acquitted Young.

## GARFIELD WARNS THE REPUBLICAN PARTY LEADERS

Cleveland, O., March 25.—Before the Tippecanoe club here last night, the Republican administration was arraigned by former governor Myron T. Herrick, who charged it with gross extravagance. He asserted that the high tariff was necessitated by the immense revenue required by unbusinesslike methods.

James R. Garfield, former secretary of the Interior, who preceded Mr. Herrick, warned the Republican party that the country was impatient for the fulfillment of its pledges and that inaction or makeshift legislation would not be tolerated.

## "RACES BRING GOOD MEN TO EL PASO"

J. Hodge, Racehorse Man, Is Now in Jail Charged With Burglary.

J. Hodge, a race horse man who was connected with the Junrez track, is in the county jail charged with burglarizing the kitchen of the Plaza hotel and taking a suitcase which he had left as security for a board bill.

Hodge was to leave town Wednesday, and left an old trunk filled with clothing and other stuff of uncertain value behind, according to the constable. The proprietress demanded that he leave some other security and he gave her the suitcase, filled with his best effects. She locked it in the kitchen and during the night, it is alleged, he got into the culinary department, secured the grip and started to leave town, but was arrested Thursday by deputy constable Brown.

Last Saturday night Hodge was about to leave town with a race horse, but was arrested at the G. H. station by constable Mitchell, on a charge of dis-

was later released. In the court room of Justice Watson Thursday afternoon, Hodge was about to have a preliminary hearing but became so noisy that he was removed to the county jail.

## Germs Cause Catarrh—Kill Them, Says Physician

This is a picture of M. Pasteur the great medical scientist, who did so much to prove that germs were responsible for many diseases.

But M. Pasteur had absolute faith in the ability of scientists to destroy these germs, for he often said: "I believe that we shall one day rid the world of all diseases that are caused by germs."

Of all the diseases caused by germs, catarrh is one of the most persistent and loathsome. Catarrh can be cured but it can only be cured by destroying the germs.

Breathe Hyomel (pronounce it High-a-me) and cure catarrh by killing the germs. The Hyomel method is the only sensible method, because you breathe the highly antiseptic and germ killing air directly over the entire membrane that is infested with catarrh germs.

Hyomel will cure catarrh. There may be some complicated cases where it will fail, but the chances are ten to one in its favor, and the sufferer from catarrh takes no risk, because Hyomel is a guar-

anteed remedy, and if it doesn't cure Kelly & Pollard are authorized to refund the purchase price.

Hyomel will also give instant relief and cure in bronchitis, coughs, colds and croup. A complete outfit including hard rubber pocket inhaler, costs only \$1.00. If you now own a Hyomel inhaler you can get a bottle of Hyomel for 50 cents at drugists everywhere or at Kelly & Pollard's.

I got a cold I used Hyomel two or three days and it stops the cold and keeps catarrh away. It is the only medicine that ever did me any good, and I cannot speak too highly of Hyomel."—M. P. Burke, North Pomfret, Vt. February 3, 1909.

To break up a cold in a few minutes try this. Pour a teaspoonful of Hyomel into a bowl of boiling water, put towel over head and bowl and breathe the soothing healing vapor that arises. It makes your head feel clear in two minutes. It is pleasant to use.
